

European Identity

Youth Exchange – 22nd – 29th August 2021

PARTICIPANTS AND COUNTRIES:

Participants from three countries: **Croatia, Lithuania** and **Poland**. Participants are supposed to be motivated to take part in project focused identity topic (in age 18-26 years old).

MAIN AIM:

The main goal of the project is to promote the construction of friendly cooperation between our nations at the level of young people, which in the future will result in the rapprochement of these nations and the reduction of divisions and mutual resentment. Dialogue at both cultural and ethnic level, the essence of which is mutual knowledge and understanding, because these nations can only gain in getting closer.

Participants will take part in various workshops, debates and work in groups that will create an opportunity for free dialogue and mutual learning. The project will deepen understanding between our nations in a spirit of European openness and unity. In addition, the effect of our talks will be the crystallization of the desire to organize another joint venture.
